

**QUARTER CENTURY WIRELESS ASSOCIATION  
NATIONAL CAPITAL CHAPTER 70  
OTTAWA, ONTARIO, CANADA**

**INVENTORY OF AMATEUR RADIO EQUIPMENT**

STATION \_\_\_\_\_

DATE \_\_\_\_\_

The Quarter Century Wireless Association urges all its members to maintain an inventory of their amateur radio equipment. Those of us who have assisted our friends, or the family of our friends, fully understand the problems associated with the disposal of the ham equipment of a silent key.

The following questions always arise:

1. What is it?
2. What is it worth?
3. Will it fall into the hands of an unlicensed person?

QCWA Chapter 70 will, if asked, assist in arranging for the disposition of the ham equipment of a member. No remuneration is involved. The following are some guidelines.

A) *The Amateur*

1. The amateur should be a current Chapter 70 member at time of death.
2. The station should have an inventory.
3. There should be a file of appropriate manuals, warranty cards, receipts, etc.

B) *The QCWA Volunteers*

1. There will be two amateur volunteers.
2. The equipment will be evaluated for fair market value.
3. The volunteers will attempt to locate legal buyers

C) *The Family/Estate*

1. The actual sale will be concluded between the family and the buyer, although the volunteers may be called upon for further advice. In the case of one of the two volunteers wishing to purchase a major item a third volunteer should be obtained to ensure that a fair price is paid.

Attached are inventory sheets. They should be completed and kept in a safe place such as a safety deposit box. Each page should be dated and initialled by the amateur. The inventory should be updated to add or remove major sales or purchases, and reviewed at least annually.

*QCWA National Capital Chapter 70 Ottawa, January 1992 (Rev November, 2008)*

## **Inventory Special Disposal Instructions**

**Please the following special disposal instructions for the following inventory items:**
